

COBRA Electronic Carrier Files – The Benefit

Automation, Timeliness, Consistency, Transparency

With WageWorks' dedication to be best in class and continually deliver innovative technological solutions to our COBRA and Direct Bill clients, we are launching a new tool that automatically sends electronic eligibility files to your healthcare carriers, in the carrier's format, on a weekly scheduled basis. No more questioning when, where, and if eligibility was reported.

Facts

- ▶ **Expertise** – WageWorks currently sends electronic files to virtually all of the national healthcare carriers.
- ▶ **Implementation** – During the implementation of your COBRA or Direct Bill product we will work with you and your healthcare carriers to establish an electronic file feed based on your carrier's requirements (carrier limitations may apply).

Why Choose WageWorks

We understand that accurate and timely eligibility reporting is at the core of your COBRA and Direct Bill participant's experience. With transmitting automated eligibility files to your carriers we significantly reduce any potential issues or delays in ensuring that your participants have the appropriate coverage. In fact, WageWorks' core value is to ensure that our clients and participants come first.
